

The Arts Society (Rugby) - September 24 Lecture

The Arts Society – Rugby is hosting a lecture by Roger Butler entitled Canal History and Heritage on Thursday 24th September at 7.30 pm in the main room of the Benn Hall. Visitors are always welcome to our lectures and a donation of £7/person would be most appreciated.

The Benn Hall have been very accommodating and have said that they will space out the chairs in the main room to meet social distancing requirements and yet fit in 80 of us. They will also provide the hand sanitizers etc. to comply with all of the Covid requirements.

Roger Butler is a landscape architect and an experienced writer, photographer and lecturer. He has a particular interest in the unique history, architecture and traditions of our canal network and has worked on some of the UK's major canal restoration projects. He has also acted as a consultant to bodies such as Waterways Ireland, Natural England and the Jurassic Coast World Heritage Site.

He regularly contributes to waterway and heritage magazines and writes and provides images for a range of countryside and outdoor titles. Roger is a Fellow of the Royal Geographical Society, a Licentiate of the Royal Photographic Society and a Chartered Member of the Landscape Institute. He lives near Stratford upon Avon and lectures to groups such as the National Trust, RSPB, U3A, history societies, etc. across the Midlands and further afield.

Regards,

Tim Moore – Membership Secretary
